Basic Management Program

Preparing high-potential leaders for
greater management roles

Program starts May 3, 2021

Basic Management Program

Preparing high-potential leaders for greater management roles

OVERVIEW

The Basic Management Program is an interactive training program that will develop critical communication and leadership skills necessary to execute strategy and build trust within teams. Designed for middle-level managers, very senior supervisors and entrepreneurs, the program focuses heavily on understanding the management process, the overall functional organization of the company, and the cross-functional relationships among its units for a collaborative approach to management.

PROGRAM OBJECTIVES

The program aims to give a detailed understanding of how the management process is executed. It aims to develop essential communication and leadership skills. Participants will also be walked through a rigorous Critical Thinking module, which aims to develop how they communicate insights and recommendations to senior management.

WHAT YOU WILL LEARN

- Management Communications
- Management Processes
- Critical thinking in Business
- Business Statistics
- Language of Business
- Managing Cost and Profits
- Quality Management
- Customer Service Management
- Project Management

KEY BENEFITS

Participants will be trained in analysis and problem-solving, experience the management process, and practice effective management skills through the participative discussion method of learning.

By attending the program, participants will be able to:

- Understand organizational functional units and relationships
- Experience the management process
- Practice effective management skills
- Develop analytical and problem-solving tools
- Enhance self-confidence
- Learn and use effective skills in communication and presentation

WHO SHOULD ATTEND

The program is recommended for first-line managers, unit supervisors and entrepreneurs..
