Corporate and Strategic Planning Training Program
Driving Superior Business Results Through Strategy Formulation and Excellence in Execution

Six half-days starting June 2022 and January 2023
Corporate and Strategic Planning
Online Training Program
Driving Superior Business Results Through Strategy Formulation and Excellence in Execution

OVERVIEW
Businesses of all sizes require Strategic Planning to establish an organizational direction. Effective Strategic Planning is the key to achieving growth and success; however, even great strategies fail when executed poorly. While a well-planned business strategy plays a pivotal role in defining the business direction, which includes long-term goals, action plans, and decision-making processes, its full effect can only be realized through excellent execution.

This program will expound on the processes that bridge the gap between strategy planning and strategy execution. It will develop business leaders’ critical thinking capabilities, broaden their understanding of strategic management, and strengthen their program and project management skills. Reinforced by insights from the program, participants are expected to display improved articulation of financial trends, possess organization-level thinking, and be equipped with the skills and competencies to turn the company’s strategy into exceptional results.

PROGRAM OBJECTIVES
This program aims to:
• Broaden the participants’ understanding of strategic management
• Develop business acumen and critical thinking
• Develop capabilities and competence in creating a business execution plan
• Provide practical guides in strengthening the participants’ program, portfolio, and project management skills

WHAT YOU WILL LEARN
• Strategic Management
• Financial Analytics
• Business transformation
• Strategic Project Management

The program will also include two one-on-one coaching sessions for each participant after the program’s conclusion. Each coaching session will run for 30 minutes and will be scheduled based on the common availability of the Faculty and the participant.

KEY BENEFITS
Participants are expected to achieve the following benefits:
• Understand the concepts of strategy, goals and execution plan and recognize their difference
• Shift mindset from individual action to organizational-level thinking
• Use critical thinking skills in driving the strategy and transforming the business
• Understand and articulate key financial metrics and trends to team members
• Better decision-making

WHO SHOULD ATTEND
This program is a must for Middle to Upper-level Managers, Functional Leaders, Sales Coordinators, and Managers from different business units who want to translate the company’s strategy into exceptional results.
